REBELS SLAUGHTERED

Colombian Troops Slay Men of General Herrera by Hundreds.

FIGHTING NOT OVER

The Two Forces Are Near Agua Dulce and the Result May Terminate the War—The Government Troops Lose Few Men.

Panama, Colombia, Aug. 2.—The peace commissioners who left here on Tuesday on the British steamer Gano to visit the Revolution General Herrera near Agua Dulce have returned to Panama. They say they were unable to fulfill their mission because a very severe engagement between Herrera's forces and the government troops has been in progress since Tuesday morning when the revolutionary forces began to attack Agua Dulce.

Thursday morning the best battalions of the revolutionary forces attacked the government entrenchments with fierce courage. The slaughter of the revolutionists is said to have been excessive and barbarous. That same afternoon the white flag was raised in their camp and they asked for armistice during which they could bury their dead. This was granted. The losses of the rebels are reported over 200, while the government forces had had 18 men killed and 11 wounded.

At the expiration of the time of armistice the government recommenced with the same fierceness. Nine government battalions, which had not taken part in the fight, were still being held in reserve.

General Salazar, governor of Panama, has received a letter from the government General Morales Bertl, saying he is very enthusiastic as to the outcome and that he hopes to win a battle which will decide the fate of the isthmus. Gen. Salazar in his turn is doing everything in his power to help General Bertl.

ENTHUSIASTIC MEETING.

Over Seven Thousand Gather at Scranton and Praise Their Leader.

Scranton, Pa., Aug. 2.—The first of the strikers mass meeting planned to take place at the various strike centers was held Friday in the Round Woods. There were 7000 strikers present from all parts of the city and the adjoining towns. National president John Mitchell and several other prominent officials of the miners organization delivered addresses. The crowd enthusiastically cheered all the speakers and fairly went wild over Mitchell.

When he was introduced to speak some one shouted "hats off," and although the sun's rays beamed down so intensely that many were carried from the crowd exhausted, every man in the vast crowd bared his head and remained uncovered until his speech was concluded. Then the crowd surged about the platform and shook his hands until he himself was almost exhausted.

Mr. Mitchell's speech was brief and dealt only with the live issues of the fight.

Contempt Miners Given Relief.

Clarksburg, W. Va., Aug. 2.—Judge Nathan Goff, of the United States circuit court in Chambers here heard a petition for the issuance of writ of habeas corpus for Thomas Haggerty and other strike leaders sentenced to jail at Parkersburg by Judge Jackson for violation of the injunction issued by him. Judge Goff granted the writ asked for by the miners and ordered the marshal to produce Thomas Haggerty and other prisoners here for a hearing next Tuesday at 10 o'clock. The miners are jubilant.

Reward to Assault Men.

Chicago, Aug. 2.—Charged with paying rewards for assaults on non-union workmen, the scale varying according to the degree of injury inflicted, 11 union brass molders have been indicted by the grand jury. This is said to be the first action of the kind ever taken among the laboring men of the west.

Judge Charged With Incompetency.

Muskogee, I. T., Aug. 2.—Political conditions in the Choctaw nation, which have been exceedingly warm during the past two weeks, have reached an acute stage. Charges have been filed against Wesley Anderson, supreme judge of the Third district of the nation, alleging incompetency and too much activity in political affairs, and asking for his retirement. Gov. Dukes has summoned Anderson to appear at the commissioners' court room Aug. 5 to answer the complaint which has been filed against him.

Boy Attempts Suicide.

Cleburne, Tex., Aug. 2.—A 15-year-old boy tried to hang himself Thursday night and again Friday in the Johnson county jail. He was arrested for the theft of a knife and on being placed in jail attempted to end his life by strangling himself with his stocking. The county physician was called

and resuscitated him. He was again strangled by his suspenders, but without success. He pleaded guilty to the charge of theft and will go to the county farm.

Seven Million Deficit.

Washington, Aug. 2.—The monthly comparative statement of the government receipts and expenses shows that for the month of July, 1902, the receipts amounted to \$49,305,691 and the expenditures \$56,813,567, leaving a deficit for the month of \$7,507,876.

WOULD NOT BE TAUNTED.

J. C. McCaslin Wounds a Woman and a Man and Suicides.

Salt Lake City, Aug. 2.—At the Salt palace grounds J. C. McCaslin, a well known mining man of this city, shot and killed Lottie Russell, seriously wounded F. M. Peters and then committed suicide by shooting himself through the head.

McCaslin, Miss Russell, Peters and another man, whose name has not been learned, formed a party which attended the bicycle races. It is said that McCaslin had had trouble at home and had been drinking. Peters and Miss Russell are reported to have taunted him about his domestic troubles, whereupon he became enraged, drew a revolver and shot Miss Russell, who had started to run, through the back. Peters, who attempted to keep McCaslin from shooting the girl, was shot through the chest.

McCaslin, after firing a shot at the other member of the party, placed his revolver to his right temple and fired a bullet through his head. He died an hour later.

Peters is in a precarious condition, but it is thought he will recover.

MAINTAINING PEACE.

Leaders Impress upon Miners the Necessity of Peace.

Shenandoah, Pa., Aug. 2.—President John Faby of district No. 9, United Mine workers, has held a conference with officers of local unions. President Faby is following out instructions from President Mitchell, is making every effort to have the striking mine workers maintain peace.

In this connection he said all persons in or out of organization who in any way violated the law are enemies of the union, and organization will do all in its power to place such persons in jail.

Brigadier General Gobin had no information from surrounding region of any trouble everything being reported extremely quiet.

Provost Marshal Farquhar has large forces of men on duty and as far as possible he is preventing troops from mingling with strikers. Altogether there are little over 1500 men in camp.

GYPSY KIDNAPERS.

Several Are Under Arrest in Indiana for Stealing Children.

Marion, Ind., Aug. 2.—Several members of a band of gypsies are imprisoned in the county jail here, charged with child stealing. The 3-year-old daughter of Henry Herman, a glass manufacturer, was stolen Friday from the home of her grandparents, where her parents had left her while they were enjoying an outing. Gypsies driving past the house kidnapped the child and drove south with her. In South Marion they stopped at a saloon, where the little girl was recognized by Mr. Wilson, a friend of her parents. Mr. Wilson rescued the child from her captors and took her to his own home. Later the gypsies were pursued and arrested.

KILLING AT BIRMINGHAM.

Walter Shot Down by a Negro in a Store Where Who Is in Jail.

Birmingham, Ala., Aug. 2.—Walter Cotton, assistant manager of the Atlantic and Pacific Tea company here, was cut and almost instantly killed by a negro employed by the company. The killing occurred in the store of the concern, but there were no witnesses to the deed.

A crowd of 500 people surrounded the scene of the killing and there was much excitement. The negro is in the county jail, but no riot is apprehended.

WILL BE AN AMERICAN.

Pope Will Select Apostolic Delegate to Manila from United States.

Rome, Aug. 2.—Delay in appointing the apostolic delegate to Manila is due to a desire of the Vatican to please the Washington authorities by sending to the Philippines an American prelate, and the Vatican is now awaiting letters from the United States. The prelate, who is thought likely will accept, is thoroughly adapted to the position. Should this plan fall through, the most probable candidate is Monsignor Guido, now in office of Cardinal Rampolla, the papal secretary of state.

Swindling the Government.

New York, Aug. 2.—According to rumors customhouse officials have discovered another series of frauds, says the World. It is said by wholesale dealers in chinaware that a certain firm, known throughout the country as importers of fine Dresden and other chinaware, has been caught in a long continued systematic scheme to defraud the government of its proper tariffs.

An unanswerable argument in
favor of the policy recommended
by the Texas Cotton Growers' As-
sociation of slow selling of cotton
by farmers, is the fact that year
after year the price has averaged
about two cents higher in July,
when the bulk of the crop is in
the hands of speculators than in
October and November when farm-
ers would be benefited by an ad-
vance. This is \$10 per bale to the
speculator. Cotton is the subject
of the shrewdest commercial gam-
bling known to human cupidity,
and the victims can "block the
game" if they will.—Farm and
G Ranch.

The loss sustained the past few
years by the planters along the
Brazos has been unprecedented and
the time may be at hand for levee-
ing and holding in check the waters
that come down this stream. It is
the most fertile and extensive val-
ley in the state and many thousand
dollars in property and crops
have been swept away the past few
years.—Huntsville Post.

Ten years ago Texas did not have
a single meat packing and slaugh-
tering establishment. The census
of 1900 shows twelve such estab-
lishments in the state with a com-
bined capital of \$4,200,000.

NOT A COINCIDENCE.

Two mischievous girls who are
members of the church choir in a
country town figured in a laugh-
able incident which is quite good
enough so bear repeating. In some
way, known only to themselves,
they became possessed of the sub-
ject of the minister's Sunday morn-
ing sermon, and thereupon set
about selecting songs in harmony
with the theme. On Sunday morn-
ing they were on hand bright and
early looking innocent enough to
deceive a brace of Pinkerton de-
tectives. One of them seated her-
self at the organ and played "Faint,
Yet Pursuing" which was sung as
a voluntary. Then the minister
arose, and consulting the list which
had been given him called for num-
ber 365. The choir sang, "Almost
Persuaded." The minister arose
announced his theme, "Courtship
and Marriage," read the lesson and
called the next song. The choir
sang "Triumph at Last," and the
congregation began to look amused.
"After prayer sing 201," said the
minister, and in his petition asked
that the spirit of levity which pos-
sessed some of his hearers be ban-
ished. Then the choir sang, "Hasten
Lord the Glorious Day," and
everyone laughed. Even the min-
ister had difficulty in stifling a
smile when the choir struck up
"Behold the Bridegroom Cometh,"
and the congregation became posi-
tively hilarious as the organ pealed
out the opening notes of "What
Shall the Harvest Be? And through
it all those wicked girls preserved
their expressions of saintly inno-
cence, and afterwards remarked
that it was "the most peculiar and
striking coincidence" they had
ever heard of.—Ex.

Civil Service Examinations.

The U. S. Civil Service Commis-
sion will hold examinations, dur-
ing September and October, in
several places in each state to se-
cure young men and women for
the government service. There
are now 126,423 positions in the
classified civil service, being an
increase of 46,736 in six years.
There were 7,972 persons appoint-
ed between July 1, 1901, and April
15, 1902, being at the rate of 10,070
for the year. There will probably
be 11,000 appointments next year.
Salaries at appointment vary from
\$660 to \$1,200 a year with liberal
promotions afterward. All appoint-
ments are for life and for most
positions only a common school
education is required. Politics or
religion is not considered. Those
desiring to take examinations of
this kind can get full information
about them free by writing to the
Columbian Correspondence College
Washington, D. C., and asking for
its Civil Service Catalogue for 1902.

Dr. David F. Houston was ex-
pected at College last night, from

board of directors, who are to hold

SABINE RIVER HIGH

It Is Higher at Tyler Than for
Eighteen Years.

GREAT DAMAGE DONE

Two Miles of the International and
Great Northern Road Gone and
Cotton Belt Loses Heavily
About Big Sandy.

Tyler, Tex., Aug. 2.—The Sabine
river is higher than it has been in 18
years. The heavy rains in Hunt and
Rockwall counties caused it to rise. It
is four miles wide and two miles of
International and Great Northern
track between here and Mineola are
under water.

It is reported here that the dump
and bridge for wagons crossing the
river between Wood and Smith coun-
ties are gone, entailing a loss of many
thousand dollars to Wood county.

Near Big Sandy, on the Cotton Belt
road, the river is two miles wide and
the Cotton Belt officials fear their
track is gone. The river has been ris-
ing about a foot an hour since Fri-
day morning.

No rain has fallen here since Wed-
nesday.

The washouts caused by the recent
rains continue to delay all trains into
Longview except on the Texas, Sabine
Valley and Northwestern, which is
running trains on time, the washouts
not having affected their line.

The water continues to rise in Sa-
bine at the Sabine bottom, near Grand
Saline, at the rate of an inch an hour,
and the track is submerged an average
of two and a half feet for some two
hundred feet. Two bridges are afloat
and it is impossible to get trains by
or make transfer there.

Brazos Is Falling.

Bryan, Tex., Aug. 2.—Reports from
all points on the Brazos river say
that the flood is receding rapidly. At
Pitts bridge, opposite Bryan, it has
run down four feet and is within
banks in places. At Parkers store,
lower, a fall of three feet is reported.
At Battles ferry, in the lower bottom
a fall of eight inches is reported and
the water is running down rapidly.
The amount of damage done is now
the important question. Many be-
lieve that all the cotton which has
been in the water is practically
ruined, while some contend that it
may come out and make a part of a
crop.

River Changes County Line.

Brenham, Tex., Aug. 2.—Persons from
the Buchanan plantation above Chap-
pell Hill say the opinion general pre-
vails in that neighborhood that the
new channel cut across the neck of
a bend in the river will be permanent.
The scouring process is going on per-
ceptibly, and the ditch deepening rap-
idly. By this change in the channel
about 600 acres of Waller county ter-
ritory has been thrown into Washing-
ton. This has given rise to an inter-
esting legal discussion, the point of
which is as to whether Washington
county has any title to the land thus
acquired.

Situation About Somerville.

Somerville, Tex., Aug. 2.—From
the best information obtainable the
situation opposite here is little
changed in the overflowed districts.
Some report the river at a standstill,
while others claim a slight rise.

Walter Gee, who has farming in-
terests in the bottoms opposite Ly-
ons, says only the top of his cotton
can be seen, and other farms contig-
uous are in the same condition. The
Yegua is on a standstill.

Santa Fe Track Gone.

Brenham, Tex., Aug. 2.—It is re-
ported here that seven miles of the
Santa Fe track between Clay and Na-
vasota have been destroyed by the
heavy rains and overflow in the
Brazos. The exact extent of the dam-
age can not now be determined for
the reason the track is still submerg-
ed to a depth of several feet.

Record Breaking Rains.

Memphis, Aug. 2.—The steady down-
pour of rain which began Wednesday
morning did not cease falling until
noon Friday. Reports from Missis-
sippi, Arkansas, west Tennessee and
north Alabama are to the effect that
the rain was the heaviest experienced
in years, and in some localities was
of the record-breaking order.

Prostrated from Heat.

Taylor, Tex., Aug. 2.—An aged un-
known man was found on the road
about two miles east of Taylor in a
dying condition from the effects of heat
and old age. He was brought to town
and medical attention procured, but
there is no hope for his recovery. Let-
ters found on his person are addressed
to John J. Gaul, which is supposed to
be his name. It is thought he was
traveling for his health and that he
has a son at Brenham.

Will Investigate Reorganization.

Des Moines, Aug. 2.—Governor Cum-
mings has announced that he is in-
vestigating the recent reorganization of
the Chicago, Rock Island and Pacific
Railroad company to ascertain whether
the organization is in all respects
consistent with the state laws of Iowa.
He will confer with the attorney gen-
eral about the matter as soon as that
official returns to the city.

Shooting at Overton.

Overton, Tex., Aug. 2.—B. M. Brown-
ing was shot four times here Friday.
He is not necessarily fatally injured.
His brother-in-law, G. A. Maxfield, is
out on \$500 bond.

FRIARS IN PHILIPPINES.

Vatican Will Ask the Retirement of All
Obnoxious to Government Officials.

Rome, Aug. 2.—According to state-
ments obtained from reliable sources it
is the intention of the Vatican that the
friars of the Augustinian, Dominican,
Franciscan and Recoletto orders now
in Manila, who number about 450 men,
should leave there in small numbers at
different times, so that when the mo-
ment to resume negotiations between
Governor Taft and the apostolic dele-
gation, the friar question will have
solved itself without the necessity of
further discussion.

The great influence of the religious
orders in Rome must be reckoned with,
however, should they think it to their
interests to resist these measures. From
present indications this would seem
not to be so, as the general of the
Augustinians will soon leave for the
United States to choose Americans to
replace Spanish members of that
order.

Profits in Peaches.

Sulphur Springs, Tex., Aug. 2.—Fol-
lowing is a statement of peaches raised
and sold during the year by A. J. Gaf-
ford, four miles south of Sulphur
Springs. He had 14 acres of Elbertas
and the crop was gathered from 533
trees three years old: First car, 1540
boxes, shipped to St. Louis, net pro-
ceeds \$619.91; second car, 267 boxes,
725 crates, sold here, \$470; third car,
363 boxes, 724 crates, sold here, \$429;
fourth car, 501 boxes, 390 crates, sold
here, \$416.18; local sales and express
shipments, \$26.50; gross returns,
\$1961.65. Paid out for boxes and crates,
\$214.40; hauling, \$49.25; gathering and
packing, \$159.31; total, \$523.96. Net
proceeds of crop, \$1437.69.

Warm in Colorado.

Denver, Aug. 2.—The hottest day so
far this year in this state was Friday.
At 2 o'clock in the afternoon the mer-
cury registered 100, 3-10 degrees in
Denver. Reports from various parts
in the state show that the tempera-
ture was 110 at Greeley, 100 at Long-
mont, 102 at Idaho Springs and 99 at
Estes Park. The last two places are
in the mountains and the figures
named are unprecedented.

Shot by a Woman.

Salinas, Cal., Aug. 2.—Warren John-
son and Joseph Borders, prominent
young men of Salinas, were shot and
fatally wounded here by a woman. The
woman then attempted to commit sui-
cide but was prevented and placed un-
der arrest. Johnson received two pul-
lets in the abdomen and Borders was
shot in the back, the ball piercing
the right lung. The shooting is believ-
ed to have followed a quarrel.

Prohibition in West County.

Greenville, Tex., Aug. 2.—Prohi-
bition went into effect in this city and
county at 12 o'clock Thursday night,
the local option injunction having
been dissolved and the publication of
same having been completed. The case
filed in the district court by the saloon
men to contest the local option elec-
tion held on May 3 will come up for
trial at the October term of district
court.

Depositing Rock Island Stock.

New York, Aug. 2.—Deposits of Rock
Island stock with the Central Trust
company, this city, for conversion into
new securities are reported to be very
large. This is accepted by the Rock
Island management as evidence of the
general approval of the stockholders
of the reorganization plan.

Death of Colonel Ferris.

DR. HARLEY A. LONG.

A Strong Recommendation From the
Cameron Inquirer.

People generally throughout
Milam county will regret to learn
that Dr. Harley A. Long, the ocul-
list, is no longer a citizen of Cam-
eron, he having decided a short
time ago that Bryan would be a
more suitable location for the prac-
tice of his profession than this
place. Dr. Long is a specialist of
great ability and did some as skill-
ful work in Cameron as could per-
haps be done in the United States.
Two cases the Inquirer reporter
remembers distinctly; having wit-
nessed the operation in one case
and paid special attention to the
other, everyone believing the lat-
ter to be hopeless. This case was
that of a young lady on her way to
the Blind Asylum, her eyes having
been pronounced beyond hope
of cure by all physicians who had
examined them and Judge Pool
having secured admittance for her
at the Blind Asylum. It was only
a few days after she was placed un-
der the care of Dr. Long before she
could see her way about the house
and in less than three months her
eyes were sound and well. This
case attracted wide-spread atten-
tion and can be testified to
by any citizen of Cameron.
The other case was that of a
drummer whose eyes were cross-
ed worse than any we have ever seen.
Dr. Long invited us to witness the
operation and in five minutes after
he placed the patient on the op-
erating table, he was looking at him-
self in a glass, his eyes as straight
as anybody's.

The Inquirer wishes Dr. Long
success in his new location and
heartily recommends him to the
citizens of Bryan both as an ocul-
list and a gentleman.—Cameron
Inquirer.

Services will be held tonight at the
Free Baptist church.

The New City Shaving Parlor has
been refitted and is up-to-date in
every respect. Three first-class

CORNER STONE LAYING

By the Masons Tuesday Afternoon at
the New Methodist Church.

Work is progressing rapidly,
considering the delay caused by
bad weather, on the magnificent
new Methodist church, and the
corner stone will be laid Tuesday
afternoon, August 5, at 5:30 o'clock
by the Masonic fraternity, Judge
Geo. D. Neal of Navasota, nominee
for lieutenant governor, officiating
as deputy grand master. The
Masonic lodges of Wellborn, Milli-
can and Navasota have been in-
vited by Brazos Lodge No. 129, to
participate in the ceremony. Dr.
Paul M. Rayson, worshipful master
of Brazos Lodge, requests all
members to assemble at the lodge
room promptly at 4 o'clock Tues-
day afternoon.

Rev. E. L. Shettles, pastor of
the Methodist church, requests the
Eagle to extend to the public in
his name a cordial invitation to be
present. Everybody is invited,
and the exercises will be of a most
impressive and interesting charac-
ter.

Reunion Postponed.

On account of the excessive rains
the Madisonville reunion has been
postponed for one week and will be
held August 12, 13 and 14. Active
preparations are going on for the big
event.

A highly successful revival meet-
ing, conducted by Elder J. D. Tant,
of Nursery, closed at the Christian
church at Benchley Sunday night
after continuing a week. There were
seventeen additions to the church,
sixteen of them by baptism.

The Eagle has learned of only one
death during the flood in this sec-
tion. A young man was knocked off
the Santa Fe railroad bridge on the
Brazos and drowned after making
heroic struggles to reach the shore.

The members of the Bryan Light
Guard are requested to meet at the
armory Tuesday night, August 5, at
8:30 o'clock, bringing with them all
uniforms, arms and accoutrements.

Mr. Jim Riggs and Miss Gertrude
Smoot of the College were married
in Waco yesterday morning and left
for Belton. They will return Mon-
day.

The Brazos river was reported two
feet and a half in banks, off of all
farms except low places and falling
very rapidly yesterday afternoon.

Methodist church services will be
held at the courthouse today as
usual with preaching morning and
night by the pastor.

Several persons were in from the
Brazos bottom yesterday, but they
stated it was too early to estimate
the flood damage.

Tom Scarey says so far as he is
able to learn the crops in Madison
county are fine and have not been in-
jured by the floods.

J. J. Vandiver of Steep Hollow
called on the Eagle while in town

THE ARRIVAL OF STEYN

Orange Free State's Former President Reaches Southampton.

GOING TO HOLLAND

The Boer Leader Is Still in Feeble Condition and Had to Be Taken Off the Steamer on a Cot. He Thanks the British.

London, Aug. 2.—Former President Steyn of the Orange Free State arrived at Southampton with his family on the steamer Carisbrook Castle. He was met by Messrs. Fischer, Wesels and DeBryun, former Boer delegates.

He will go to The Hague where Former President Kruger will go from Utrecht to meet him.

Mr. Steyn was too ill to bear journey to London, although a special saloon carriage had been attached to the regular train for him.

His physician would not allow him to be interviewed but Mr. Steyn sent word he wished to express his thanks for courtesies extended to him by the British authorities since the surrender and for the care given him during his voyage.

The former president was raised on a stretcher to the Dutch steamer Bataviar III, which was moored close to the Carisbrook Castle.

He will be landed at the hook of the Holland and conveyed in an ambulance to a cottage reserved for him near the Hague.

CHARGES AGAINST BULLER

He Used Red Cross Wagons to Carry Ammunition to the Front.

London, Aug. 2.—Surgeon general Hamilton, before the meeting of the British Medical association at Manchester definitely charged that General Sir Redvers Buller, during the Boer war of 1881, used army medical wagons with Red Cross thereon for the taking of ammunition to the front and armed bearer companies using them as escorts.

The surgeon general declared his authority for the statement was the principal medical officer to whom the orders were issued, and he added that the British could not complain at the Boers doing what General Buller had done twenty years previously.

KING'S CORONATION.

New Preparations Begun at London for the Occasion.

London, Aug. 2.—Preparations for the coronation of King Edward next Saturday are proceeding rather mechanically. The erection of familiar street barriers, cleansing and decorating of stands and rehanging of decorations attracts little attention. Public interest in actual proceedings, however are rekindled by official assurance that the king is getting on finely and that his majesty will be able to bear the fatigue of being crowned.

Publication of the official program of the procession shows no special changes from the original arrangement, but the ceremonies in Westminster Abbey have been curtailed.

Club houses, which are on the line a considerable portion of the route and most of the other buildings, are being redecorated. The Canadian arch is being redraped with fresh specimens of Canada's agricultural products and the Indian contingent is erecting an arch on Parliament street. The illuminations on coronation night will be largely as originally planned.

Norwegian Steamer on a Ledge.

Halifax, N. S., Aug. 2.—A message to custom officials here announces that the Norwegian steamer Blaamanden, from Hamburg for Philadelphia, struck on White Point ledge, off Canso, in a dense fog. No details are known aside from the statement that the steamer has a big cargo and a number of passengers. The customs departments at Ottawa has been advised of the accident and has ordered officers to the scene, which is about four miles from Canso.

Aged Employees May Be Pensioned.

San Francisco, Aug. 2.—Acting on instructions issued by President Harriman the heads of departments of the Southern Pacific company have begun taking a census of the employees 65 years of age and over. It is thought that this is the forerunner of some sort of pension system, although Mr. Harriman has not announced his plans. It is found that while there are no engineers or conductors 65 years of age quite a number of the men in the shops and in other departments are on the list.

Grave Diggers on a Strike.

Chicago, Aug. 2.—The grave diggers are the latest of the wage-earners of Chicago to go out on strike, and as a result Concordia cemetery is closed. At the entrance to the burial ground the superintendent has posted a notice, which reads: "There will be no more burials at the Concordia cemetery until further notice." The men ask for more wages. It is said the grave diggers at the other two cemeteries will strike.

Mrs. Mackay Still Ill.

London, Aug. 2.—Mrs. John W. Mackay is suffering severely from the strain of the past few weeks. Twice there has been a consultation of doctors. She is suffering especially from heart trouble and sleeplessness. The doctors have ordered her to see as few people as possible.

SMITH IS DEJECTED.

His Retirement by the President Severe Strain on His Nerves.

San Francisco, Aug. 2.—Standing on the bridge of the transport Thomas eagerly waiting with the ship's captain for a glimpse of his native shore, General Jacob H. Smith, tried by court martial for having ordered the island of Samar transformed into a howling wilderness, learned for the first time that the president had retired him from the active list.

The pilot boat which met the Thomas just outside the Heads at 2 o'clock Friday morning brought to General Smith the first news of the president's action. In the light of a binnacle lamp, the veteran read the message apprising him of his fate. An hour later the dawn came and with it the sight of land, but General Smith had retired to his cabin, where, with his wife and chief aide, Lieut. J. H. Shields of the Twelfth infantry, he discussed the outcome of the long ordeal through which he had passed.

Six hours later when the Thomas reached the quarantine station in the harbor Major Duvall of the transport service boarded the ship with his secretary and met both General Smith and Lieut. Shields at the door of the general's cabin. A sealed document from the war department was handed General Smith. It contained the official notification of President Roosevelt's action and upon reading it General Smith retired, overcome with emotion. General Smith was not seen again until a United States custom house tender was ready to take the general and his party ashore. He denied himself to all interviewers who were met by Lieutenant Shields. Together with his wife and aide, General Smith proceeded to the Occidental hotel, repairing thence to army headquarters in the Pheland building where he remained.

General Smith who is wearing civilian attire appeared exceedingly nervous and worn. His sixty-two years are plainly read in his every action and his intimate friends fear he is breaking down under the severe strain which he has been subjected in recent months.

It is not yet known when General Smith will proceed east. His sealed orders require him to report to the adjutant general at Washington, and it is likely he will lose no time in starting for the national capital.

NORTH DAKOTA DEMOCRATS

The State Ticket Selected and Platform Adopted at Fargo.

Fargo, N. D., Aug. 2.—The ticket selected by the North Dakota Democrats in state convention here is as follows:

Congressmen—L. A. Ueland of Edgely and V. R. Lovell, Fargo.
Governor—John Cronan.
Lieutenant governor—M. C. Ginnis.
Secretary of state—John Quarum.
Auditor—J. E. Morrison.
Treasurer—James McDonald.
Attorney general—M. J. Parrett.
Superintendent of public instruction—V. Stevenson.

Judge John M. Cochrane, of Grand Falls, the Republican nominee for the supreme court judgeship, was endorsed.

The platform adopted declares allegiance to the time honored principles of the Democratic party as set forth in national platforms adopted in the past; declares strongly against the so-called railroad merger; pledges itself to a resumption of the prohibition laws; favors initiative and referendum; demands the repeal of the fell servant law; and calls for the equal taxation of corporations.

TRACY WELL ARMED.

He Is in Eastern Washington Unwounded and in Good Health.

Spokane, Aug. 2.—Harry Tracy, the fugitive desperado, is now in eastern Washington, unwounded, in good health, armed with four guns and two hundred rounds of ammunition, provisioned for five days and equipped with two horses. Tracy crossed the Columbia river at 5 o'clock Thursday morning and is now supposed to be headed towards the Idaho line. He says he has promises to give the sum of \$5000 within one year to the parties who helped him escape from the Oregon penitentiary.

Steamship Concession Made.

City of Mexico, Aug. 2.—A concession has been granted to E. E. Stillwell to establish a steamship service on an extensive scale, embracing both the coasting trade and ocean traffic, between Mexican ports on the Gulf of California and on the Pacific coast, northward with American ports and southward with South American ports, and across the Pacific ocean to the far east. The concession is ample and gives the concessionaire various privileges.

The vessels will connect with the Kansas City, Mexico and Orient railway at the port of Topolobampo, the Pacific coast terminus of the road, and the concession gives special authorization to connect with the Isthmus of Tehuantepec National railway at the port of Salina Cruz, on the Pacific side, and to facilitate interoceanic traffic over that road.

Suicide at Groesbeck.

Groesbeck, Tex., Aug. 2.—Ed Carson, 24 years of age, killed himself here. He shot himself through the head with a pistol while standing in front of a saloon and died at once.

REBELS SLAUGHTERED

Colombian Troops Slay Men of General Herrera by Hundreds.

FIGHTING NOT OVER

The Two Forces Are Near Agua Dulce and the Result May Terminate the War—The Government Troops Lose Few Men.

Panama, Colombia, Aug. 2.—The peace commissioners who left here on Tuesday on the British steamer Gano to visit the Revolution General Herrera near Agua Dulce have returned to Panama. They say they were unable to fulfill their mission because a very severe engagement between Herrera's forces and the government troops has been in progress since Tuesday morning when the revolutionary forces began to attack Agua Dulce.

Thursday morning the best battalions of the revolutionary forces attacked the government entrenchments with fierce courage. The slaughter of the revolutionists is said to have been excessive and barbarous. That same afternoon the white flag was raised in their camp and they asked for armistice during which they could bury their dead. This was granted. The losses of the rebels are reported over 200, while the government forces had had 18 men killed and 11 wounded.

At the expiration of the time of armistice the government recommenced with the same fierceness. Nine government battalions, which had not taken part in the fight, were still being held in reserve.

General Salazar, governor of Panama, has received a letter from the government General Morales Berti, saying he is very enthusiastic as to the outcome and that he hopes to win a battle which will decide the fate of the isthmus. Gen. Salazar in his turn is doing everything in his power to help General Berti.

ENTHUSIASTIC MEETING.

Over Seven Thousand Gather at Scranton and Praise Their Leader.

Scranton, Pa., Aug. 2.—The first of the strikers mass meeting planned to take place at the various strike centers was held Friday in the Round Woods. There were 7000 strikers present from all parts of the city and the adjoining towns. National president John Mitchell and several other prominent officials of the miners organization delivered addresses. The crowd enthusiastically cheered all the speakers and fairly went wild over Mitchell.

When he was introduced to speak some one shouted "hats off," and although the sun's rays beamed down so intensely that many were carried from the crowd exhausted, every man in the vast crowd bared his head and remained uncovered until his speech was concluded. Then the crowd surged about the platform and shook his hands until he himself was almost exhausted.

Mr. Mitchell's speech was brief and dealt only with the live issues of the fight.

Contempt Miners Given Relief.

Clarksburg, W. Va., Aug. 2.—Judge Nathan Goff, of the United States circuit court in Chambers here heard a petition for the issuance of writ of habeas corpus for Thomas Haggerty and other strike leaders sentenced to jail at Parkersburg by Judge Jackson for violation of the injunction issued by him. Judge Goff granted the writ asked for by the miners and ordered the marshal to produce Thomas Haggerty and other prisoners here for a hearing next Tuesday at 10 o'clock. The miners are jubilant.

Reward to Assault Men.

Chicago, Aug. 2.—Charged with paying rewards for assaults on non-union workmen, the scale varying according to the degree of injury inflicted, 11 union brass molders have been indicted by the grand jury. This is said to be the first action of the kind ever taken among the laboring men of the west.

Judge Charged With Incompetency.

Muskogee, I. T., Aug. 2.—Political conditions in the Choctaw nation, which have been exceedingly warm during the past two weeks, have reached an acute stage. Charges have been filed against Wesley Anderson, supreme judge of the Third district of the nation, alleging incompetency and too much activity in political affairs, and asking for his retirement. Gov. Dukes has summoned Anderson to appear at the commissioners' court room Aug. 5 to answer the complaint which has been filed against him.

Boy Attempts Suicide.

Cleburne, Tex., Aug. 2.—A 15-year-old boy tried to hang himself Thursday night and again Friday in the Johnson county jail. He was arrested for the theft of a knife and on being placed in jail attempted to end his life by strangling himself with his stocking. The county physician was called

and resuscitated him. Friday he tried strangulation by his suspenders, but without success. He pleaded guilty to the charge of theft and will go to the county farm.

Seven Million Deficit.

Washington, Aug. 2.—The monthly comparative statement of the government receipts and expenses shows that for the month of July, 1902, the receipts amounted to \$49,305,691 and the expenditures \$56,813,567, leaving a deficit for the month of \$7,507,876.

WOULD NOT BE TAUNTED.

J. C. McCaslin Wounds a Woman and a Man and Suicides.

Salt Lake City, Aug. 2.—At the Salt palace grounds J. C. McCaslin, a well known mining man of this city, shot and killed Lottie Russell, seriously wounded F. M. Peters and then committed suicide by shooting himself through the head.

McCaslin, Miss Russell, Peters and another man, whose name has not been learned, formed a party which attended the bicycle races. It is said that McCaslin had had trouble at home and had been drinking. Peters and Miss Russell are reported to have taunted him about his domestic troubles, whereupon he became enraged, drew a revolver and shot Miss Russell, who had started to run, through the back. Peters, who attempted to keep McCaslin from shooting the girl, was shot through the chest.

McCaslin, after firing a shot at the other member of the party, placed his revolver to his right temple and fired a bullet through his head. He died an hour later.

Peters is in a precarious condition, but it is thought he will recover.

MAINTAINING PEACE.

Leaders Impress upon Miners the Necessity of Peace.

Shenandoah, Pa., Aug. 2.—President John Faby of district No. 9, United Mine workers, has held a conference with officers of local unions. President Faby is following out instructions from President Mitchell, is making every effort to have the striking mine workers maintain peace.

In this connection he said all persons in or out of organization who in any way violated the law are enemies of the union, and organization will do all in its power to place such persons in jail.

Brigadier General Gobin had no information from surrounding region of any trouble everything being reported extremely quiet.

Provost Marshal Farquhar has large forces of men on duty and as far as possible he is preventing troops from mingling with strikers. Altogether there are little over 1400 men in camp.

GYPSY KIDNAPERS.

Several Are Under Arrest in Indiana for Stealing Children.

Marion, Ind., Aug. 2.—Several members of a band of gypsies are imprisoned in the county jail here, charged with child stealing. The 3-year-old daughter of Henry Herman, a glass manufacturer, was stolen Friday from the home of her grandparents, where her parents had left her while they were enjoying an outing. Gypsies driving past the house kidnapped the child and drove south with her. In South Marion they stopped at a saloon, where the little girl was recognized by Mr. Wilson, a friend of her parents. Mr. Wilson rescued the child from her captors and took her to his own home. Later the gypsies were pursued and arrested.

KILLING AT BIRMINGHAM.

Walter Shot Down by a Negro in a Store There Who Is in Jail.

Birmingham, Ala., Aug. 2.—Walter Cotton, assistant manager of the Atlantic and Pacific Tea company here, was cut and almost instantly killed by a negro employed by the company. The killing occurred in the store of the concern, but there were no witnesses to the deed.

A crowd of 500 people surrounded the scene of the killing and there was much excitement. The negro is in the county jail, but no riot is apprehended.

WILL BE AN AMERICAN.

Pope Will Select Apostolic Delegate to Manila from United States.

Rome, Aug. 2.—Delay in appointing the apostolic delegate to Manila is due to a desire of the Vatican to please the Washington authorities by sending to the Philippines an American prelate, and the Vatican is now awaiting letters from the United States. The prelate, who is thought likely will accept, is thoroughly adapted to the position. Should this plan fall through, the most probable candidate is Monsignor Guido, now in office of Cardinal Rampolla, the papal secretary of state.

SEEKING NEW RANGE.

Texas Cattlemen Will Pasture Stock in Canada Next Year.

Canada, where they will engage a range for next season.

Heretofore Texas cowmen have been sending cattle to the Dakotas and the Wyoming country, but next spring they will try the experiment of using an English range which is said to be more satisfactory.

Swindling the Government.

New York, Aug. 2.—According to rumors customhouse officials have discovered another series of frauds, says the World. It is said by wholesale dealers in chinaware that a certain firm, known throughout the country as importers of fine Dresden and other chinaware, has been caught in a long continued systematic scheme to defraud the government of its proper tariffs.

Morgan Will Not Retire.

London, Aug. 2.—The Associated Press is authorized to give most emphatic contradiction to the report that J. P. Morgan intends to retire from active business life on his return from Europe to the United States.

An unanswerable argument in
favor of the policy recommended
by the Texas Cotton Growers' As-
sociation of slow selling of cotton
to farmers, is the fact that year
after year the price has averaged
about two cents higher in July,
when the bulk of the crop is in
the hands of speculators than in
October and November when farm-
ers would be benefited by an ad-
vance. This is \$10 per bale to the
speculator. Cotton is the subject
of the shrewdest commercial gam-
ing known to human cupidity,
and the victims can "blook the
game" if they will.—Farm and
Growth.

The loss sustained the past few
years by the planters along the
 Brazos has been unprecedented and
the time may be at hand for levee-
ing and holding in check the waters
that come down this stream. It is
the most fertile and extensive val-
ley in the state and many thousand
dollars in property and crops
have been swept away the past few
years.—Huntsville Post.

Ten years ago Texas did not have
single meat packing and slaugh-
tering establishment. The census
of 1900 shows twelve such estab-
lishments in the state with a com-
bined capital of \$4,200,000.

NOT A COINCIDENCE.

Two mischievous girls who are
members of the church choir in a
country town figured in a laugh-
able incident which is quite good
enough so bear repeating. In some
way, known only to themselves,
they became possessed of the sub-
ject of the minister's Sunday morn-
ing sermon, and thereupon set
about selecting songs in harmony
with the theme. On Sunday morn-
ing they were on hand bright and
early looking innocent enough to
deceive a brace of Pinkerton de-
tectives. One of them seated her-
self at the organ and played "Faint,
Yet Pursuing" which was sung as
a voluntary. Then the minister
arose, and consulting the list which
had been given him called for num-
ber 365. The choir sang, "Almost
Persuaded." The minister arose
announced his theme, "Courtship
and Marriage," read the lesson and
called the next song. The choir
sang "Triumph at Last," and the
congregation began to look amused.
"After prayer sing 201," said the
minister, and in his petition asked
that the spirit of levity which pos-
sessed some of his hearers be ban-
ished. Then the choir sang, "Hasten
Lord the Glorious Day," and
everyone laughed. Even the min-
ister had difficulty in stifling a
smile when the choir struck up
"Behold the Bridegroom Cometh,"
and the congregation became posi-
tively hilarious as the organ pealed
out the opening notes of "What
Shall the Harvest Be? And through
it all those wicked girls preserved
their expressions of saintly inno-
cence, and afterwards remarked
that it was "the most peculiar and
striking coincidence" they had
ever heard of.—Ex.

Civil Service Examinations.

The U. S. Civil Service Commis-
sion will hold examinations, dur-
ing September and October, in
several places in each state to se-
cure young men and women for
the government service. There
are now 126,423 positions in the
classified civil service, being an
increase of 46,736 in six years.
There were 7,972 persons appoint-
ed between July 1, 1901, and April
15, 1902, being at the rate of 10,070
for the year. There will probably
be 11,000 appointments next year.
Salaries at appointment vary from
\$660 to \$1,200 a year with liberal
promotions afterward. All appoint-
ments are for life and for most
positions only a common school
education is required. Politics or
religion is not considered. Those
desiring to take examinations of
this kind can get full information
about them free by writing to the
Columbian Correspondence College
Washington, D. C., and asking for
its Civil Service Catalogue for 1902.

SABINE RIVER HIGH

It Is Higher at Tyler Than for
Eighteen Years.

GREAT DAMAGE DONE

Two Miles of the International and
Great Northern Road Gone and
Cotton Belt Loses Heavily
About Big Sandy.

Tyler, Tex., Aug. 2.—The Sabine
river is higher than it has been in 18
years. The heavy rains in Hunt and
Rockwall counties caused it to rise. It
is four miles wide and two miles of
International and Great Northern
track between here and Mineola are
under water.

It is reported here that the dump
and bridge for wagons crossing the
river between Wood and Smith coun-
ties are gone, entailing a loss of many
thousand dollars to Wood county.

Near Big Sandy, on the Cotton Belt
road, the river is two miles wide and
the Cotton Belt officials fear their
track is gone. The river has been ris-
ing about a foot an hour since Fri-
day morning.

No rain has fallen here since Wed-
nesday.

The washouts caused by the recent
rains continue to delay all trains into
Longview except on the Texas, Sabine
Valley and Northwestern, which is
running trains on time, the washouts
not having affected their line.

The water continues to rise in Sa-
bine at the Sabine bottom, near Grand
Saline, at the rate of an inch an hour,
and the track is submerged an average
of two and a half feet for some two
hundred feet. Two bridges are afloat
and it is impossible to get trains by
or make transfer there.

Water Is Falling.

Bryan, Tex., Aug. 2.—Reports from
all points on the Brazos river say
that the flood is receding rapidly. At
Pitts bridge, opposite Bryan, it has
run down four feet and is within
banks in places. At Parkers store,
lower, a fall of three feet is reported.
At Batters ferry, in the lower bottom
a fall of eight inches is reported and
the water is running down rapidly.
The amount of damage done is now
the important question. Many be-
lieve that all the cotton which has
been in the water is practically
ruined, while some contend that it
may come out and make a part of a
crop.

River Changes County Line.

Brenham, Tex., Aug. 2.—Persons from
the Buchanan plantation above Chap-
pell Hill say the opinion general pre-
vails in that neighborhood that the
new channel cut across the neck of
a bend in the river will be permanent.
The scouring process is going on per-
ceptibly, and the ditch deepening rap-
idly. By this change in the channel
about 600 acres of Waller county ter-
ritory has been thrown into Washing-
ton. This has given rise to an inter-
esting legal discussion, the point of
which is as to whether Washington
county has any title to the land thus
acquired.

Situation About Somerville.

Somerville, Tex., Aug. 2.—From
the best information obtainable the
situation opposite here is little
changed in the overflowed districts.
Some report the river at a standstill,
while others claim a slight rise.

Walter Gee, who has farming in-
terests in the bottoms opposite Ly-
ons, says only the top of his cotton
can be seen, and other farms contig-
uous are in the same condition. The
Yegua is on a standstill.

Santa Fe Track Gone.

Brenham, Tex., Aug. 2.—It is re-
ported here that seven miles of the
Santa Fe track between Clay and Na-
vasota have been destroyed by the
heavy rains and overflow in the
Brazos. The exact extent of the dam-
age can not now be determined for
the reason the track is still submerg-
ed to a depth of several feet.

Record Breaking Rains.

Memphis, Aug. 2.—The steady down-
pour of rain which began Wednesday
morning did not cease falling until
noon Friday. Reports from Missis-
sippi, Arkansas, west Tennessee and
north Alabama are to the effect that
the rain was the heaviest experienced
in years, and in some localities was
of the record-breaking order.

Prostrated from Heat.

Taylor, Tex., Aug. 2.—An aged un-
known man was found on the road
about two miles east of Taylor in a
dying condition from the effects of heat
and old age. He was brought to town
and medical attention procured, but
there is no hope for his recovery. Let-
ters found on his person are addressed
to John J. Gaul, which is supposed to
be his name. It is thought he was
traveling for his health and that he
has a son at Brenham.

Will Investigate Reorganization.

Des Moines, Aug. 2.—Governor Cum-
mins has announced that he is in-
vestigating the recent reorganization of
the Chicago, Rock Island and Pacific
Railroad company to ascertain wheth-
er the organization is in all respects
consistent with the state laws of Iowa.
He will confer with the attorney gen-
eral about the matter as soon as that
official returns to the city.

Shooting at Overton.

Overton, Tex., Aug. 2.—B. M. Brown-
ing was shot four times here Friday.
He is not necessarily fatally injured.
His brother-in-law, G. A. Maxfield, is
out on \$500 bond.

CORNER STONE LAYING

By the Masons Tuesday Afternoon at
the New Methodist Church.

Work is progressing rapidly,
considering the delay caused by
bad weather, on the magnificent
new Methodist church, and the
corner stone will be laid Tuesday
afternoon, August 5, at 5:30 o'clock
by the Masonic fraternity, Judge
Geo. D. Neal of Navasota, nominee
for lieutenant governor, officiating
as deputy grand master. The
Masonic lodges of Wellborn, Milli-
can and Navasota have been in-
vited by Brazos Lodge No. 129, to
participate in the ceremony. Dr.
Paul M. Rayson, worshipful master
of Brazos Lodge, requests all
members to assemble at the lodge
room promptly at 4 o'clock Tues-
day afternoon.

Rev. E. L. Shettles, pastor of
the Methodist church, requests the
Eagle to extend to the public in
his name a cordial invitation to be
present. Everybody is invited,
and the exercises will be of a most
impressive and interesting charac-
ter.

Reunion Postponed.

On account of the excessive rains
the Madisonville reunion has been
postponed for one week and will be
held August 12, 13 and 14. Active
preparations are going on for the big
event.

A highly successful revival meet-
ing, conducted by Elder J. D. Tant,
of Nursery, closed at the Christian
church at Benchley Sunday night
after continuing a week. There were
seventeen additions to the church,
sixteen of them by baptism.

The Eagle has learned of only one
death during the flood in this sec-
tion. A young man was knocked off
the Santa Fe railroad bridge on the
Brazos and drowned after making
heroic struggles to reach the shore.

The members of the Bryan Light
Guard are requested to meet at the
armory Tuesday night, August 5, at
8:30 o'clock, bringing with them all
uniforms, arms and accoutrements.

Mr. Jim Riggs and Miss Gertrude
Smoot of the College were married
in Waco yesterday morning and left
for Belton. They will return Mon-
day.

The Brazos river was reported two
feet and a half in banks, off of all
farms except low places and falling
very rapidly yesterday afternoon.

Methodist church services will be
held at the courthouse today as
usual with preaching morning and
night by the pastor.

Several persons were in from the
Brazos bottom yesterday, but they
stated it was too early to estimate
the flood damage.

Tom Searcy says so far as he is
able to learn the crops in Madison
county are fine and have not been in-
jured by the floods.

DR. HARLEY A. LONG.

A Strong Recommendation From the
Cameron Inquirer.

People generally throughout
Milam county will regret to learn
that Dr. Harley A. Long, the ocul-
ist, is no longer a citizen of Cam-
eron, he having decided a short
time ago that Bryan would be a
more suitable location for the prac-
tice of his profession than this
place. Dr. Long is a specialist of
great ability and did some as skill-
ful work in Cameron as could per-
haps be done in the United States.
Two cases the Inquirer reporter
remembers distinctly; having wit-
nessed the operation in one case
and paid special attention to the
other, everyone believing the lat-
ter to be hopeless. This case was
that of a young lady on her way to
the Blind Asylum, her eyes having
been pronounced beyond hope
of cure by all physicians who had
examined them and Judge Pool
having secured admittance for her
at the Blind Asylum. It was only
a few days after she was placed un-
der the care of Dr. Long before she
could see her way about the house
and in less than three months her
eyes were sound and well. This
case attracted wide-spread atten-
tion and can be testified to
by any citizen of Cameron.
The other case was that of a
drummer whose eyes were crossed
worse than any we have ever seen.
Dr. Long invited us to witness the
operation and in five minutes af-
ter he placed the patient on the op-
erating table, he was looking at him-
self in a glass, his eyes as straight
as anybody's.
The Inquirer wishes Dr. Long
success in his new location and
heartily recommends him to the
citizens of Bryan both as an ocul-
ist and a gentleman.—Cameron
Inquirer.
Services will be held tonight at the
Free Baptist church.
The New City Shaving Parlor has
been refitted and is up-to-date in
every respect. Three first-class
workmen, hot and cold shower and
tub baths. 2-7

FRIARS IN PHILIPPINES.

Vatican Will Ask the Return of All
Obnoxious to Government Officials.
Rome, Aug. 2.—According to state-
ments obtained from reliable sources it
is the intention of the Vatican that the
friars of the Augustinian, Dominican,
Franciscan and Recoletto orders now
in Manila, who number about 450 men,
should leave there in small numbers at
different times, so that when the mo-
ment to resume negotiations between
Governor Taft and the apostolic dele-
gation, the friar question will have
solved itself without the necessity of
further discussion.

The great influence of the religious
orders in Rome must be reckoned with,
however, should they think it to their
interests to resist these measures.
From present indications this would
seem not to be so, as the general of
the Augustinians will soon leave for
the United States to choose Americans
to replace Spanish members of that
order.

Profits in Peaches.

Sulphur Springs, Tex., Aug. 2.—Fol-
lowing is a statement of peaches raised
and sold during the year by A. J. Gaf-
ford, four miles south of Sulphur
Springs. He had 14 acres of Elbertas
and the crop was gathered from 533
trees three years old: First car, 1540
boxes, shipped to St. Louis, net pro-
ceeds \$619.91; second car, 267 boxes,
725 crates, sold here, \$470; third car,
363 boxes, 724 crates, sold here, \$429;
fourth car, 501 boxes, 300 crates, sold
here, \$416.18; local sales and express
shipments, \$26.50; gross returns,
\$1961.65. Paid out for boxes and crates,
\$314.40; hauling, \$49.25; gathering and
packing, \$159.31; total, \$523.96. Net
proceeds of crop, \$1437.69.

Warm in Colorado.

Denver, Aug. 2.—The hottest day so
far this year in this state was Friday.
At 2 o'clock in the afternoon the mer-
cury registered 100.3-10 degrees in
Denver. Reports from various parts
in the state show that the tempera-
ture was 110 at Greeley, 100 at Long-
mont, 102 at Idaho Springs and 90 at
Estes Park. The last two places are
in the mountains and the figures
named are unprecedented.

Shot by a Woman.

Salinas, Cal., Aug. 2.—Warren John-
son and Joseph Borders, prominent
young men of Salinas, were shot and
fatally wounded here by a woman. The
woman then attempted to commit sui-
cide but was prevented and placed un-
der arrest. Johnson received two bul-
lets in the abdomen and Borders was

THE ARRIVAL OF STEYN

Orange Free State's Former President Reaches Southampton.

GOING TO HOLLAND

The Boer Leader Is Still in Feeble Condition and Had to Be Taken Off the Steamer on a Cot. He Thanks the British.

London, Aug. 2.—Former President Steyn of the Orange Free State arrived at Southampton with his family on the steamer Carisbrook Castle. He was met by Messrs. Fischer, Wessels and DeBruyn, former Boer delegates.

He will go to The Hague where Former President Kruger will go from Utrecht to meet him.

Mr. Steyn was too ill to bear journey to London, although a special saloon carriage had been attached to the regular train for him.

His physician would not allow him to be interviewed but Mr. Steyn sent word he wished to express his thanks for courtesies extended to him by the British authorities since the surrender and for the care given him during his voyage.

The former president was raised on a stretcher to the Dutch steamer Bataviar III, which was moored close to the Carisbrook Castle.

He will be landed at the hook of the Holland and conveyed in an ambulance to a cottage reserved for him near the Hague.

CHARGES AGAINST BULLER

He Used Red Cross Wagons to Carry Ammunition to the Front.

London, Aug. 2.—Surgeon general Hamilton, before the meeting of the British Medical association at Manchester definitely charged that General Sir Redvers Buller, during the Boer war of 1881, used army medical wagons with Red Cross thereon for the taking of ammunition to the front and armed bearer companies using them as escorts.

The surgeon general declared his authority for the statement was the principal medical officer to whom the orders were issued, and he added that the British could not complain at the Boers doing what General Buller had done twenty years previously.

KING'S CORONATION.

New Preparations Begun at London for the Occasion.

London, Aug. 2.—Preparations for the coronation of King Edward next Saturday are proceeding rather mechanically. The erection of familiar street barriers, cleansing and decorating of stands and rehanging of decorations attracts little attention. Public interest in actual proceedings, however are rekindled by official assurance that the king is getting on finely and that his majesty will be able to bear the fatigue of being crowned.

Publication of the official program of the procession shows no special changes from the original arrangement, but the ceremonies in Westminster Abbey have been curtailed.

Club houses, which are on the line a considerable portion of the route and most of the other buildings, are being redecorated. The Canadian arch is being redraped with fresh specimens of Canada's agricultural products and the Indian contingent is erecting an arch on Parliament street. The illuminations on coronation night will be largely as originally planned.

Norwegian Steamer on a Ledge.

Halifax, N. S., Aug. 2.—A message to custom officials here announces that the Norwegian steamer Blaamanden, from Hamburg for Philadelphia, struck on White Point ledge, off Canso, in a dense fog. No details are known aside from the statement that the steamer has a big cargo and a number of passengers. The customs departments at Ottawa has been advised of the accident and has ordered officers to the scene, which is about four miles from Canso.

Aged Employees May Be Pensioned.

San Francisco, Aug. 2.—Acting on instructions issued by President Harriman the heads of departments of the Southern Pacific company have begun taking a census of the employees 65 years of age and over. It is thought that this is the forerunner of some sort of pension system, although Mr. Harriman has not announced his plans. It is found that while there are no engineers or conductors 65 years of age quite a number of the men in the shops and in other departments are on the list.

Grave Diggers on a Strike.

Chicago, Aug. 2.—The grave diggers are the latest of the wage-earners of Chicago to go out on strike, and as a result Concordia cemetery is closed. At the entrance to the burial ground the superintendent has posted a notice, which reads: "There will be no more burials at the Concordia cemetery until further notice." The men ask for more wages. It is said the grave diggers at the other two cemeteries will strike.

Mrs. Mackay Still Ill.

London, Aug. 2.—Mrs. John W. Mackay is suffering severely from the strain of the past few weeks. Twice there has been a consultation of doctors. She is suffering especially from heart trouble and sleeplessness. The doctors have ordered her to see as few people as possible.

SMITH IS DEJECTED.

His Retirement by the President Severe Strain on His Nerves.

San Francisco, Aug. 2.—Standing on the bridge of the transport Thomas eagerly waiting with the ship's captain for a glimpse of his native shore, General Jacob H. Smith, tried by court martial for having ordered the island of Samar transformed into a howling wilderness, learned for the first time that the president had retired him from the active list.

The pilot boat which met the Thomas just outside the Heads at 2 o'clock Friday morning brought to General Smith the first news of the president's action. In the light of a binnacle lamp, the veteran read the message apprising him of his fate. An hour later the dawn came and with it the sight of land, but General Smith had retired to his cabin, where, with his wife and chief aide, Lieut. J. H. Shields of the Twelfth infantry, he discussed the outcome of the long ordeal through which he had passed.

Six hours later when the Thomas reached the quarantine station in the harbor Major Duval of the transport service boarded the ship with his secretary and met both General Smith and Lieut. Shields at the door of the general's cabin. A sealed document from the war department was handed General Smith. It contained the official notification of President Roosevelt's action and upon reading it General Smith retired, overcome with emotion. General Smith was not seen again until a United States custom house tender was ready to take the general and his party ashore. He denied himself to all interviewers who were met by Lieutenant Shields. Together with his wife and aide, General Smith proceeded to the Occidental hotel, repairing thence to army headquarters in the Pheland building where he remained. General Smith who is wearing civilian attire appeared exceedingly nervous and worn. His sixty-two years are plainly read in his every action and his intimate friends fear he is breaking down under the severe strain which he has been subjected in recent months.

It is not yet known when General Smith will proceed east. His sealed orders require him to report to the adjutant general at Washington, and it is likely he will lose no time in starting for the national capital.

NORTH DAKOTA DEMOCRATS

The State Ticket Selected and Platform Adopted at Fargo.

Fargo, N. D., Aug. 2.—The ticket selected by the North Dakota Democrats in state convention here is as follows:

Congressmen—L. A. Ueland of Edgeley and V. R. Lovell, Fargo.
Governor—John Cronan.
Lieutenant governor—M. C. Ginnis.
Secretary of state—John Quarum.
Auditor—J. E. Morrison.
Treasurer—James McDonald.
Attorney general—M. J. Parrett.
Superintendent of public instruction—V. Stevenson.

Judge John M. Cochrane, of Grand Falls, the Republican nominee for the supreme court judgeship, was endorsed. The platform adopted declares allegiance to the time honored principles of the Democratic party as set forth in national platforms adopted in the past; declares strongly against the so-called railroad merger; pledges itself to a resubmission of the prohibition laws; favors initiative and referendum; demands the repeal of the fell servant law; and calls for the equal taxation of corporations.

TRACY WELL ARMED.

He Is in Eastern Washington Unwounded and in Good Health.

Spokane, Aug. 2.—Harry Tracy, the fugitive desperado, is now in eastern Washington, unwounded, in good health, armed with four guns and two hundred rounds of ammunition, provisioned for five days and equipped with two horses. Tracy crossed the Columbia river at 5 o'clock Thursday morning and is now supposed to be headed towards the Idaho line. He says he has promises to give the sum of \$5000 within one year to the parties who helped him escape from the Oregon penitentiary.

Steamship Concession Made.

City of Mexico, Aug. 2.—A concession has been granted to E. E. Stillwell to establish a steamship service on an extensive scale, embracing both the coasting trade and ocean traffic, between Mexican ports on the Gulf of California and on the Pacific coast, northward with American ports and southward with South American ports, and across the Pacific ocean to the far east. The concession is ample and gives the concessionaire various privileges.

The vessels will connect with the Kansas City, Mexico and Orient railway at the port of Topolobampo, the Pacific coast terminus of the road, and the concession gives special authorization to connect with the Isthmus of Tehuantepec National railway at the port of Salina Cruz, on the Pacific side, and to facilitate interoceanic traffic over that road.

Suicide at Groesbeck.

Groesbeck, Tex., Aug. 2.—Ed Carson, 24 years of age, killed himself here. He shot himself through the head with a pistol while standing in front of a saloon and died at once.

Death of Mrs. Wilmot.

New York, Aug. 2.—News has been received here of the death in Cylon of Mrs. Colville B. Wilmot, granddaughter of Cyrus W. Field.

Will of Pauncotote.

London, Aug. 2.—The will of the late Lord Pauncotote, British ambassador to the United States, has been proved. The value of the estate has been placed at £63,700.
